Memorandum

SENT BY ELECTRONIC MAIL

Subject: **INFORMATION:** North Carolina-National
Highway System Addition of an Unbuilt NHS
in the Morehead City/Beaufort Area

Date: November 18, 2009

Original by Signed by
From: Jill L. Hochman
Director, Interstate and Border
Planning

To: Mr. John F. Sullivan III
Division Administrator (HDA-NC)
Raleigh, NC

We have reviewed the State's transmittal from NCDOT's A. L. Avant to Bill Marley requesting the National Highway System (NHS) addition of an unbuilt bypass north of Beaufort (NCDOT project-id R-3307). When completed, this bypass will carry the relocated US 70 route and number. The addition meets NHS criteria and is hereby approved. We will add the unbuilt portion to the NHS as follows:

- Along the proposed future alignment of US 70 from Radio Island, northeast of Beaufort approximately 2.2 miles to SR 1429 (Olga Road).

We will make the appropriate changes to the System and update the NHS maps for the State. If you have any questions or comments, please call Mike Neathery at (202) 366-1257.

cc: Bill Marley, NC Division
