

Coordinated Transportation Planning Workshop: Wrap-UP

Next Steps

From the information gathered in this workshop:

- We are going to develop a **template/guidance document/summary** to highlight the breakout sessions outputs. This is estimated to be completed by the end of April and will be sent out to MPOs and resource agencies.
- Each attendee will receive a worksheet with **contact information** from all attendees.
- Questionnaire results (other resources response) will be posted
- Unresolved questions will be directed to the right group (i.e., ILT, NCDOT, FHWA, etc.) and addressed.
- All documentation will be posted on the ILT website (<http://www.NCILT.org>). Each attendee will receive an e-mail once information is added to the website.

Next Steps (Cont'd)

- FHWA – NC Division is also developing a guidance document to address all Final Planning Rule (SAFETEA-LU) provisions. This will be provided to NCDOT and the MPOs.
- Organize educational/feedback forums to check status of coordination efforts – Current forums will be utilized (i.e., MPO and RPO Association quarterly meetings, Interagency meetings), but others may be developed.
- Challenges will be considered or discussed with the ILT.
